

## “SUNNY STYLE PREMIUM” Solar shower

The Sunny Style Premium” solar shower uses the energy from the sun’s ray to produce hot water ecologically and without using any electricity. Exposed to the sun for about 2 hours, thanks to the water heating process contained in the tank- base , it supplies many hot showers with adjustable temperature through the handy mixer tap included. It is equipped with extractible and adjustable shower hose in order to assure the best comfort. The new coloured covers make the “Sunny Style Premium” shower more attractive and pleasant complying with all consumer’s preferences!

- Hot and cold water mixer, to adjust the requested temperature
